

Remedy Prescribed by Many Doctors

Compound of Simple Laxative Herbs Proves Most Efficient

Dr. W. A. Evans, writing for the Chicago Tribune, makes the assertion that practically everyone, at some time or other, suffers from constipation. This applies, regardless of age or condition in life.

The congestion of stomach waste in the bowels is evidenced in various ways: bloating, eructation of foul stomach gases, sick headache, languor, all indicate constipation, and call for prompt attention, not only to relieve the present discomfort, but also to avoid possible disease that follows neglect of this important function.

Harsh cathartics and violent purgatives should not be employed, as these afford only temporary relief, while they serve to shock the entire system. A mild laxative such as Dr. Caldwell's Syrup Pepsin is far preferable and is now the remedy generally used and prescribed by many doctors. It is free from opiate or narcotic drugs, acts easily and pleasantly, without griping or other pain and is a safe, effective family remedy.

Mr. Chas. Schell, 122 Church Street.

Mr. CHAS. SCHELL

Grenada, Miss., writes that he found relief himself by using Dr. Caldwell's Syrup Pepsin and now keeps it on hand for family use. A bottle of Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 451 Washington St., Monticello, Illinois.

LINDSAY MAN "IN BAD"

Raised One-Dollar Bills to Tens—Now Uncle Sam Has Him.

Muskogee, Okla., April 19.—Three men are in the federal jail at Muskogee, charged with counterfeiting. Arthur H. Gibbs of Lindsay, Okla., indicted by the Tulsa grand jury, is charged with trying to get rich too fast by making a one-dollar bill look like a ten-spot.

Gibbs had a ten-dollar bill and a one-dollar bill. He clipped the small corners from the ten and pasted them

To Avoid Dandruff

You do not want a slow treatment when hair is falling and the dandruff germ is killing the hair roots. Delay means no hair.

Get, at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is sure and safe, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use is zemo, for it is pure and also inexpensive.

Zemo, Cleveland.

A PAIR OF GLOVES CLEANED FREE

A LITTLE LIGHT ON A BIG SUBJECT
There's more to the cleaning business than the mere application of Cleansing Agents.

DRY CLEANING

Is accomplished only thru a thorough knowledge of Textiles and Fabrics, thru a knowledge of Dyes and the Action of Dirt, Grease, Juices, Ink, etc., on these dyes. This knowledge, coupled with expert ability is what makes this the safest place in Ardmore to send your garments, lace, rug, winter furs before laying away for the summer, and draperies for cleansing.

MINER SAYS THAT VILLA IS REALLY DEAD

AMERICAN SAYS BANDIT LEADER WAS SHOT THROUGH LEG ON TWENTY-SECOND AND HAD NO MEDICAL ATTENTION.

El Paso, Tex., April 19.—The reports of Villa's death were indirectly confirmed here Tuesday by an American mining man who controls large interests in the Guerrero district. This man is in close touch with the American military authorities and has forwarded his information to Washington. He said:

"I know beyond any question that Villa was wounded at Guerrero. I have received my account of the affair from one in whom I have the fullest confidence. He tells me that Villa was shot through the right knee, the bullet killing his horse, which fell, pinning the bandit under it and injuring his left leg. This was on March 29. After that I received daily reports about Villa's movements up to April 5 when he was at Satevo. Since then I have heard nothing about him. Knowing his condition, and the certainty of his being wounded, I consider it highly probable that he is dead, as he assuredly could not have procured any proper medical treatment."

Additional weight was given to this statement as the man who made it is frankly in favor of intervention and regards the death of Villa as a blow to his hopes in the withdrawal of the American troops. Significance is also seen in the attitude of the Mexican officials here and in Juarez who have never abated their confidence in the truth of the report. In spite of the incredulity of General Bell and other American officers and officials, Consul Garcia has maintained stoutly that Villa is dead. He declared Tuesday night he was certain that confirmation of the ending of Villa's career would be received here very shortly.

COLDS QUICKLY RELIEVED

Many people cough and cough from the beginning of fall right through to spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, antiseptic and healing. Get a 50c bottle of Dr. King's New Discovery and keep it in the house. "It is certainly a great medicine and I keep a bottle of it continually on hand" writes W. C. Jessiman, Franconia, N. H. Money back if not satisfied, but it nearly always helps.

INSTRUCT HEALTH OFFICERS

School of Instruction for Health Officers in Texas to Be Held.

Galveston, Tex., April 19.—According to word received here a school of instruction for city and county health officers of Texas will be held commencing May 12. The call for this school was issued by Dr. W. B. Collins, state health officer, at Austin.

This school, which is expected to be attended by about 250 city and county health officials will last for two weeks, and will be along the same lines as the school held in Austin last year. Experts on health matters, sanitation, quarantine, etc., will deliver addresses and practical demonstrations will be given. The program is in the course of preparation.

Told That There Was No Cure for Him.

"After suffering for over twenty years with indigestion and having some of the best doctors here tell me there was no cure for me, I think it only right to tell you for the sake of other sufferers as well as your own satisfaction that a 25 cent bottle of Chamberlain's Tablets not only relieved me but cured me within two months although I am a man of 65 years," writes Jul. Grubben, Houston, Texas. Obtainable everywhere.

FUEL OIL USED FOR TREATING FENCE POSTS

Dr. Charles K. Francis, chemist for the Oklahoma agricultural experiment station at Stillwater, advocates the use of fuel oil for the preservation of fence posts. Fuel oil is the residue remaining after the finer products have been removed from crude oil.

Some of the Oklahoma oils, says Dr. Francis, especially those containing large amounts of asphalt, are particularly suited for preserving wood. Fence posts treated with fuel oil or crude petroleum should be placed in the ground so as to leave several inches of the treated surface above the ground. If desired, 10 per cent to 15 per cent creosote may be added to the oil, but this is not absolutely necessary.

MORE TROOPS BEING SENT TO GEN. PERSHING

TWO THOUSAND MORE TROOPS ALONG BORDER ORDERED TO COLUMBUS FOR MEXICAN SERVICE.

San Antonio, Tex., April 19.—General Funston is sending to General Pershing more than two thousand additional troops and there is reason to believe that even more will be placed at the disposal of General Pershing if the campaign against Francisco Villa is continued. The troops that have been ordered to Pershing's base at Columbus, are now on duty along the border. What troops will relieve them and where they will come from remains unannounced. It may be that the war department will have to authorize the sending of the few remaining troops in the United States into this department or it may be that the filling of the vacant points along the border may be left to the government of Texas which may send the militia.

The troops selected for General Pershing are the Sixth cavalry from the Brownsville district, the Seventeenth infantry from Eagle Pass, troop L of the Tenth cavalry from Fort Apache, Ariz., and one battalion of the Twenty-fourth infantry, one company of which is at El Paso, one at Marfa and another at Fabens. Marfa is a town just north of Ojinaga on the Mexican frontier and Fabens is on the Rio Grande, only a few miles from El Paso.

In addition to these troops, totaling 2,300, General Pershing now has in his base guard at Columbus 800 men but the necessity of maintaining at least that many there is recognized.

General Pershing requested more troops some time ago but General Funston hesitated to order them because faced with the danger of weakening garrisons and patrolled points along the border. He has authority to move such troops in his department as he wishes but the strengthening of any point from another department rests with the war department.

Staff officers here were convinced some time ago that unless Villa was taken before he got beyond points within a short distance south of Satevo, the chances of getting him were remote.

That point has been reached and Villa remains at large—or dead—and to that situation is added an undiminished hostility of various Carranza organizations that army men here declare makes doubly necessary the strengthening of General Pershing's force.

But even with more troops the pursuit of Villa will be a slow and tedious job if his trail is extended south of the state of Chihuahua, in the opinion of army officers who say that the trails beyond Satevo make accordingly difficult the operation of military supply trucks. An advantage could be gained by the use of a shorter route either through Ojinaga or Fabens but this plan, it was reported from Washington, would be unacceptable, and the remaining plan and what military men regard as the only logical plan, the use of the railroad south from El Paso, appears out of the question because of Carranza's refusal to permit it and the reluctance of the administration to authorize its seizure.

Additional troops are being sent to General Pershing as much for the protection of those already in Mexico along the line of communications as to strengthen the mobile forces whipping the region south of Satevo. Marked hostility has been displayed along the line of communications by Villa's men, and indications are plain that not all of the Carranza element

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.
Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.
Dr. Edwards' Olive Tablets are a pure vegetable compound mixed with olive oil. You will know them by their olive color.
If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.
Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.
They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists.
Take one or two nightly and note the pleasing results.
The Olive Tablet Company, Columbus, O.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

both military and civil, are friendly. Scouts are continuing their work of locating Carranza troops in that vicinity.

Little actual work in the chase of Villa has been done since the American troops were forced into a fight in the environs of Parral. The forces of General Pershing have occupied points from where concentration can be made rapidly and General Pershing has established his field headquarters at Namiquipa, some distance north of Satevo.

General Funston has not made public any additional details of the Parral incident. The story of the discovery of Villa's body is yet being repeated but by most officers in a manner not serious. General Bell's expression of his opinion that the story was manufactured in Juarez went far toward convincing most officers here that Villa is yet alive. General Funston has not commented on the account, however.

One of the new ninety-horsepower automobiles purchased by the Government for use in Mexico should have arrived at Columbus Tuesday. It will be sent to General Pershing immediately and will be followed by the others as quickly as they arrive at the base.

Camera in Military History.

The Crimean war saw the camera first used as a recorder of military history. The device was but 16 years old at that time.

Gift Above All.

If, instead of a gem, we could cast the gift of rich thought into the heart of others, that would be giving as the angels give.—Selected.

In the Early Stages of Tuberculosis

Your chances for defeating this dreaded affection depend largely on your ability to restore normal body functions.

To do this, one requirement is proper attention to diet and pure food. Also rest and fresh air, day and night.

Where the system is run down and likelihood of serious consequences thus increased, Eckman's Alternative may prove beneficial, as it has in many cases.

This is a time treatment—but unlike any other. For here the time content is so combined with other ingredients as to be easily assimilated by the average person.

A trial can do no harm, since Eckman's Alternative contains no poisonous or habit-forming drugs. At your druggist's.

Eckman Laboratory, Philadelphia.
